IN THE MATTER OF THE LICENSE OF

ALLAN H. SLAWSKY, D.O.  
License No.: MB043908

TO PRACTICE MEDICINE AND  
SURGERY IN THE STATE OF  
NEW JERSEY

Administrative Action

FINAL CONSENT ORDER

This matter was opened to the New Jersey State Board of Medical Examiners ("Board") upon receipt of information that a Criminal Complaint had been filed in the United States District Court, District of New Jersey, charging Allan H. Slawsky, D.O. ("Respondent"), with possession of child pornography obtained through the internet during the period of on or about September 11, 1999, through October 5, 1999. As a condition for bail, the Hon. Joel B. Rosen, United States Magistrate Judge, issued a restriction barring Respondent from examining or treating any patients under the age

of eighteen and further barring Respondent from being in the presence of minors without adult supervision.

The Board preliminarily determined that the Respondent should not examine or treat any patient under the age of eighteen unless and until he was relieved of the restrictions imposed by Judge Rosen barring same. The Board further determined that the Respondent should be chaperoned while rendering medical services to any patient pending the disposition of the criminal proceeding. Respondent agreed to these license restrictions by way of Consent Order filed on May 15, 2003.

On December 5, 2005, Respondent plead guilty to the criminal charge of misprision of a felony. He was sentenced to eighteen months probation on March 30, 2006. Respondent appeared and testified before a committee of the Board on September 27, 2006, at which time he requested that the Board reinstate his license, which he had allowed to become inactive. He testified that he has not practiced medicine since April 1, 2003. He provided the Board with a report from his treating psychiatrist who opined that Respondent presented no evidence of any paraphilic arousal and would not pose a danger to patients under his care if allowed to return to work as a physician.

The Board finds that Respondent has been convicted of, or engaged in acts constituting, any crime or offense involving moral turpitude or relating adversely to the activity regulated by the Board in violation of N.J.S.A. 45:1-21(f).

The parties, having agreed to the resolution of this matter without further formal proceedings, and Respondent having agreed and given his voluntary consent to the within Order, and the Board finding the within disposition is adequately protective of the public health, safety and welfare, and other good cause having been shown,

IT IS, therefore on this 22<sup>nd</sup> day of March, 2007

ORDERED THAT

1. The license to practice medicine and surgery issued to Respondent, Allan H. Slawsky, M.D. is hereby actively suspended for a period of four years and five months effective retroactively to April 1, 2003 and extending through November 1, 2007;
2. Upon completion of his term of probation for the criminal charges, but no later than December 31, 2007, Respondent shall submit documentary proof of his successful completion of his term of probation to the Board of Medical Examiners.
3. Upon return to practice, Respondent shall not examine or otherwise treat patients under the age of eighteen (18) without the presence of a Board approved chaperone. Upon entry of the within Order, Respondent shall retain at his own expense a licensed professional who will serve as his chaperone both in his medical office and in the hospital. Respondent shall propose the name of this individual to the Medical Director of the Board of Medical Examiners in advance for the Board's approval. Such chaperone shall indicate his/her presence by initialing the patient chart for each examination;
4. Respondent shall, at his own expense, engage in psychiatric counseling with a Board approved psychiatrist who will submit quarterly reports to the Medical Director. Respondent shall meet with the Board approved psychiatrist two times per month for a minimum of one year following re-entry into practice or until discharge, whichever is later. Respondent shall follow any and all recommendations made by his treating psychiatrist. (Dr. Julian Slowinsky has been approved by the Board to serve in this capacity.);

5. Upon return to practice, Respondent shall be employed for a total of no more than 40 hours per week in the field of medicine. After three months of employment as a physician, Respondent may submit a written petition to the Board of Medical Examiners to eliminate this restriction. Said petition shall include a report from his treating psychiatrist indicating that Respondent is able to deal with the stresses related to his return to practice and need not be constrained to a forty hour work week. He shall take no other part-time employment or volunteer work in the field of medicine;

6. If the Respondent fails to strictly comply with any of the aforesaid terms, or if he engages in any act which the Board and/or the Attorney General believes may demonstrate conduct the same as or similar to the conduct underlying his conviction, the Attorney General may apply for an emergent hearing before the Board or such member(s) as the Board President may designate for this purpose on forty-eight hours notice to Respondent. That hearing shall be limited to the issue of whether this Order has been violated and/or whether the Attorney General can demonstrate Respondent's recidivist acts. Upon proof by a preponderance of the evidence of a material violation of this Order, or recidivist acts, the Board may summarily suspend or limit the Respondent's license to practice pending a plenary hearing on those charges;

7. Respondent's practice shall be limited to the practice of Obstetrics and Gynecology;

8. Respondent shall show any and all employers this Consent Order and disclose his criminal conviction. Respondent shall also provide a copy of this Consent Order and disclose his criminal conviction to any hospital to which he applies for privileges;

9. Any petition to amend this Order shall be made in writing. The Board may require Respondent to appear before a Committee of Board prior to making a determination regarding the amendment request;

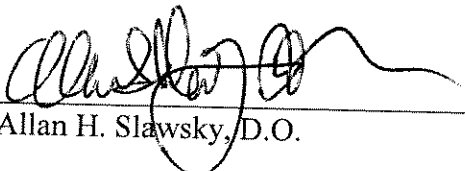

10. Respondent shall pay costs of investigation and attorney fees in the amount of \$9271.95 and a civil penalty of \$10,000. The total amount of \$19,271.95 shall be paid on or before February 28, 2007. Box 183, Trenton, New Jersey 08625-0183;

11. Respondent shall comply with the "Directives Applicable to any Medical Board Licensee who is Suspended, Revoked or Whose Surrender of Licensure has been Accepted," attached hereto and made a part hereof.
